

Headquartered in Basel, Switzerland, **Roche** is a leader in research-focused healthcare with combined strengths in pharmaceuticals and diagnostics. Roche is the world's largest biotech company with truly differentiated medicines in oncology, virology, inflammation, metabolism and CNS. Roche is also the world leader in in-vitro diagnostics, tissue-based cancer diagnostics and a pioneer in diabetes management.

Roche's personalised healthcare strategy aims at providing medicines and diagnostic tools that enable tangible improvements in the health, quality of life and survival of patients. In 2008, Roche had over 80,000 employees worldwide and invested almost 9 billion Swiss francs in R&D. The Group posted sales of 45.6 billion Swiss francs. Genentech, United States, is a wholly owned member of the Roche Group. Roche has a majority stake in Chugai Pharmaceutical, Japan.

Roche Canada was founded in 1931. The company employs approximately 883 people across the country, with its pharmaceuticals head office located in Mississauga, Ontario, and diagnostics division based in Laval, Quebec. Roche Canada is actively involved in local communities, investing in charitable organizations and partnering with healthcare institutions across the country.
