

Shepell-fgi is a leading provider of workplace health and productivity services, including prevention-focused Employee Assistance Programs, Health and Disability Management, Organizational Health and Global Services. We provide support to over eight million employees and their families across North America and internationally.

Shepell-fgi's Disability Management Program helps organizations contain rising benefit costs, focus managers' time on the business, minimize stress and engage and retain existing employees. Our early intervention approach shortens claim duration and decreases costs. Backed by 28 years of experience and driven by our Health Solutions Research division, our programs have been developed to help organizations strategically manage the health and wellness of their workforce.

With services available in 70 countries and 150 languages, accessible 24 hours a day, 7 days a week, Shepell-fgi provides a complete health solution, helping employees and their families, increasing productivity and lowering costs in over 7,000 workplaces.
